

# Contents

## Section I: Midwifery

1. Historical Review 3
2. Development of Maternity Services and Current Trends 5
  - Current Trends 6
3. Midwife: Definition of the Term, Roles and Responsibilities 9
  - Development of Midwifery Education in India 10
4. Nursing Process in Maternal-Newborn Care 11
  - Five Phases of Nursing Process 11
    - Assessment 11
    - Diagnosis 13
    - Planning 21
    - Implementing 25
    - Evaluating 27

## Section II: Reproductive System

5. Female Pelvis and Generative Organs 33
  - Pelvis 33
  - Types of Pelvis 37
  - Other Pelvic Variations 39
  - Generative Organs 41
6. Hormonal Cycles 48
  - Ovarian Cycle 48
  - Menstrual Cycle 50
7. Male Reproductive System 53
  - Parts of Male Reproductive System 53
  - Male Hormones 55
  - Formation of the Spermatozoa 55

## Section III: Embryology and Fetology

8. Fertilization, Implantation and Development of the Fertilized Ovum 59
  - Fertilization 59
  - Implantation 59
  - Development of the Fertilized Ovum 60

## 9. Development of the Placenta and Fetus 63

- Development of the Placenta 63
- Circulation through the Placenta 63
- Mature Placenta 64
- Functions of the Placenta 65
- Amniotic Fluid 65
- Umbilical Cord 66
- Variations, Anomalies and Abnormalities of Placenta 66
- Variations, Anomalies and Abnormalities of the Umbilical Cord and its Insertion 67
- Development of the Fetus 68

## 10. Fetal Organs and Circulation 72

- Fetal Anatomy 72
- Fetal Circulation 73

## 11. Fetal Skull 75

- Bones of the Vault 75
- Sutures 75
- Fontanelles 75
- Regions of the Fetal Skull 76
- Landmarks of the Skull 76
- Diameters of the Fetal Skull 76
- Molding 77

## Section IV: Normal Pregnancy

## 12. Physiological Changes Due to Pregnancy 81

- Changes in the Reproductive System 81
- Changes in the Cardiovascular System 83
- Changes in the Respiratory System 84
- Changes in the Urinary System 84
- Changes in the Gastrointestinal System 85
- Changes in Metabolism 85
- Maternal Weight Changes 86
- Skeletal Changes 86
- Skin Changes 86
- Breast Changes 87
- Changes in the Endocrine System 87
- Changes in the Nervous System 88

## 13. Diagnosis of Pregnancy 90

- Diagnosis of Pregnancy 90

**14. Minor Disorders in Pregnancy** **94**

- Digestive System 94
- Musculoskeletal System 95
- Genitourinary System 96
- Circulatory System 96
- Integumentary System 97
- Nervous System 97
- Disorders that Require Immediate Action 97

**15. Antenatal Care** **98**

- Meaning 98
- Objectives 98
- Antenatal Visits 98
- Initial Examination 98
- Inspection 101
- Abdominal Palpation and Leopold's Maneuvers 103
- Auscultation 103
- Other Findings 107
- Pelvic Examination 110
- Ongoing Antenatal Care 110

**16. Specialized Investigations and Fetal Evaluation in the Antenatal Period** **113**

- Ultrasonography 113
- Amniocentesis and Amniotic Fluid Studies 114
- Alpha-fetoprotein Testing 116
- Amnioscopy and Fetoscopy 116
- Estriol Level Determination 116
- Fetal Blood Sampling (Cordocentesis) 116
- Fetal Evaluation Procedures 116

**Section V: Normal Labor**

**17. Physiology of the First Stage of Labor** **123**

- Definition of Labor 123
- Stages of Labor 123
- Signs and Symptoms of Impending Labor 126
- Energy Spurt 127
- Causes for the Onset of Labor 127
- Physiological Processes in the First Stage of Labor 128
- Initial Assessment and Diagnosis 130
- Vaginal Examination for the Woman in Labor 132

**18. Management of the First Stage of Labor** **135**

- Admission to Labor and Delivery Unit 135
- Continuing Care and Evaluation 138
- Records 146
- Partograph 146
- Nursing Process During the First Stage of Labor 149

**19. Physiology of the Second Stage of Labor** **151**

- Physiological Processes 151
- Presumptive Signs of Second Stage and Differential Diagnosis 152
- Maternal Physiological Changes in the Second Stage 152

- Mechanism of Normal Labor 152
- Fetal Normality During the Second Stage 155
- Duration of the Second Stage 156

**20. Management of the Second Stage of Labor** **157**

- Evaluation of Maternal Well-Being 157
- Episiotomy 159
- Evaluation of the Fetal Well-Being 160
- Evaluation of the Progress of Labor 161
- Bodily and Supportive Care of the Woman 161
- Preparation for Delivery 162
- Conducting the Delivery 162
- Records 164
- Nursing Process During the Second Stage of Labor 164

**21. Physiology and Management of the Third Stage of Labor** **166**

- Physiological Processes of Placental Separation and Expulsion 166
- Management of the Third Stage of Labor 167
- Complications of the Third Stage 171
- Nursing Process During the Third Stage 174

**22. Management of the Fourth Stage of Labor** **175**

- Evaluation and Inspection 175
- Continuing Care and Monitoring 176
- Use of Oxytocic Drugs 179
- Summary of Postpartum Management 179
- Nursing Process During the Fourth Stage of Labor 179

**Section VI: Normal Puerperium**

**23. Physiology and Management of the Normal Puerperium** **183**

- Duration 183
- Anatomical and Physiological Changes of the Puerperium 183
- General Physiological Changes 186
- Management of Early Puerperium 187
- Continuing Physical Assessment and Daily Care 189
- Other Assessments 193
- Discomforts of the Puerperium and Relief Measures 195
- Breastfeeding Difficulties and Management 196
- Guidance and Instructions in Preparation for Home Care 197
- Nursing Process During the Puerperium 198

**24. Family Planning** **200**

- Magnitude of the Problem 200
- Family Planning 200
- **Methods of Contraception 202**
  - Temporary Methods of Contraception 202
  - Permanent Methods (Sterilization) 212
  - Postconception Methods of Birth Control (Termination of Pregnancy) 216

## Section VII: Abnormalities of Pregnancy, Labor and Puerperium

<b>25. Abnormalities of Early Pregnancy</b>	<b>221</b>	<ul style="list-style-type: none"> <li>▪ Abortion 221</li> <li>▪ Spontaneous Abortion 221</li> <li>▪ Induced Abortion 223</li> <li>▪ Septic Abortion 225</li> <li>▪ Nurses' Role with Patients Undergoing Abortion 225</li> <li>▪ Ectopic Pregnancy/Ectopic Gestation 226</li> <li>▪ Hydatidiform Mole 228</li> <li>▪ Choriocarcinoma 230</li> <li>▪ Hyperemesis Gravidarum 230</li> <li>▪ Rh Isoimmunization and ABO Incompatibility 231</li> <li>▪ Retroversion of the Gravid Uterus 232</li> </ul>
<b>26. Sexually Transmissible and Reproductive Tract Infections</b>	<b>234</b>	<ul style="list-style-type: none"> <li>▪ Extent of the Problem in India 234</li> <li>▪ Host Factors 235</li> <li>▪ Relevance for Women 235</li> <li>▪ Control of STDs 236</li> <li><b>Local Infections of the Vagina and Vulva 236</b> <ul style="list-style-type: none"> <li>▪ Fungal Infections 236</li> <li>▪ Protozoal Infections 237</li> <li>▪ Bacterial Infections 238</li> <li>▪ Viral Infections 240</li> </ul> </li> </ul>
<b>27. Disorders of Pregnancy</b>	<b>246</b>	<ul style="list-style-type: none"> <li><b>Antepartum Hemorrhage 246</b> <ul style="list-style-type: none"> <li>▪ Types 246</li> <li>▪ Placenta Previa 246</li> <li>▪ Abruptio Placentae 248</li> <li>▪ Disseminated Intravascular Coagulation 251</li> </ul> </li> <li><b>Disorders of Amniotic Fluid 252</b> <ul style="list-style-type: none"> <li>▪ Polyhydramnios 252</li> <li>▪ Oligohydramnios 253</li> </ul> </li> </ul>
<b>28. Hypertensive Disorders of Pregnancy</b>	<b>256</b>	<ul style="list-style-type: none"> <li><b>Pregnancy-induced Hypertension 256</b> <ul style="list-style-type: none"> <li>▪ Pre-eclampsia 256</li> <li>▪ Eclampsia 261</li> <li>▪ Gestational Hypertension 264</li> </ul> </li> <li><b>Chronic Hypertension in Pregnancy 265</b> <ul style="list-style-type: none"> <li>▪ Diagnosis 265</li> <li>▪ Complications 265</li> </ul> </li> </ul>
<b>29. Medical Disorders, Gynecological Disorders and Psychiatric Disorders Associated with Pregnancy</b>	<b>267</b>	<ul style="list-style-type: none"> <li>▪ Cardiac Disease 267</li> <li>▪ Respiratory Disorders 271</li> <li>▪ Diabetes Mellitus 272</li> <li>▪ Thyroid Dysfunction in Pregnancy 275</li> <li>▪ Anemia in Pregnancy 276</li> <li>▪ Iron Deficiency Anemia 278</li> <li>▪ Folic Acid Deficiency Anemia (Megaloblastic Anemia) 280</li> <li>▪ Vitamin B<sub>12</sub> Deficiency 280</li> <li>▪ Hemoglobinopathies 281</li> <li>▪ Sickle Cell Disorders 281</li> <li>▪ Thalassemia Syndromes 282</li> <li>▪ Renal Problems in Pregnancy 282</li> <li>▪ Chronic Renal Disease 283</li> <li>▪ Autoimmune Diseases 284</li> <li>▪ Idiopathic Thrombocytopenic Purpura 284</li> <li>▪ Epilepsy in Pregnancy 285</li> <li>▪ Gynecological Disorders in Pregnancy 285</li> <li>▪ Psychiatric Disorders During Pregnancy 290</li> <li>▪ Adolescent Pregnancy/Teenage Pregnancy 291</li> <li>▪ Elderly Primi 292</li> <li>▪ Grand Multipara 293</li> </ul>
<b>30. Multiple Pregnancy</b>	<b>295</b>	<ul style="list-style-type: none"> <li>▪ Incidence 295</li> <li>▪ Twin Pregnancy 295</li> <li>▪ Triplets and Higher Order Births 302</li> <li>▪ Disability and Bereavement 302</li> <li>▪ Embryo Reduction/Selective Reduction 302</li> </ul>
<b>31. Preterm Labor, Premature Rupture of Membranes and Intrauterine Fetal Death</b>	<b>304</b>	<ul style="list-style-type: none"> <li>▪ Preterm Labor 304</li> <li>▪ Premature Rupture of Membranes 306</li> <li>▪ Intrauterine Fetal Death 307</li> </ul>
<b>32. Post-term Pregnancy, Induction of Labor, Prolonged Labor and Disorders of Uterine Action</b>	<b>310</b>	<ul style="list-style-type: none"> <li>▪ Post-term Pregnancy 310</li> <li>▪ Induction of Labor 312</li> <li>▪ Prolonged Labor 316</li> <li>▪ Disorders of Uterine Action 318</li> </ul>
<b>33. Malpositions and Malpresentations</b>	<b>323</b>	<ul style="list-style-type: none"> <li>▪ Occipitoposterior Position 323</li> <li>▪ Face Presentation 325</li> <li>▪ Brow Presentation 327</li> <li>▪ Breech Presentation 327</li> <li>▪ Shoulder Presentation 332</li> <li>▪ Compound Presentation 333</li> <li>▪ Shoulder Dystocia 333</li> <li>▪ Unstable Lie 335</li> </ul>
<b>34. Obstetric Operations</b>	<b>336</b>	<ul style="list-style-type: none"> <li>▪ Dilatation and Evacuation 336</li> <li>▪ Forceps Delivery 337</li> <li>▪ Vacuum Extraction (Ventouse Delivery) 341</li> <li>▪ Cesarean Section 343</li> <li>▪ Destructive Operations (Embryotomies) 346</li> </ul>
<b>35. Obstetric Emergencies</b>	<b>349</b>	<ul style="list-style-type: none"> <li>▪ Vasa Previa 349</li> <li>▪ Presentation and Prolapse of the Umbilical Cord 349</li> <li>▪ Dystocia Caused by Fetal Anomalies 351</li> <li>▪ Amniotic Fluid Embolism 352</li> </ul>

- Shock 353
- Rupture of Uterus 355
- Basic Life Support/Cardiopulmonary Resuscitation 356

### 36. Complications of Third Stage of Labor 359

- Postpartum Hemorrhage 359
- Primary Postpartum Hemorrhage 362
- Intrauterine Tamponade using Bakri Balloon 364
- Secondary Postpartum Hemorrhage 365
- Retained Placenta 366
- Placenta Accreta 367
- Inversion of the Uterus 367

### 37. Injuries to the Birth Canal 370

- Lacerations of Perineum 370
- Pelvic Hematomas 372
- Rupture of the Uterus 372
- Visceral Injuries 373

### 38. Complications of Puerperium 375

- Puerperal Pyrexia 375
- Puerperal Sepsis 375
- Subinvolution of the Uterus 378
- Breast Complications 378
- Venous Thrombosis 380
- Pulmonary Embolism 381
- Psychological Disturbances in the Puerperium 382

## Section VIII: Normal Neonate

### 39. Baby at Birth 387

- Extrauterine Adaptation 387
- Immediate Care of the Baby at Birth 388
- Normal Characteristics and Physical Features of a Healthy Newborn 390
- Initial Assessment of the Newborn 391
- Birth Asphyxia/Asphyxia Neonatorum 395
- Resuscitation of the Newborn 395

### 40. Physiology, Screening, Daily Care and Observation of the Newborn 401

- Physiology 401
- Physical Examination (Screening) 406
- Gestational Age Assessment 406
- Daily Care and Observation of the Newborn 408
- Vaccination and Immunization 410

### 41. Infant Feeding 413

- Breasts and Lactation 413
- Properties and Components of Breast Milk 413
- Management of Breastfeeding 414
- Artificial Feeding 421
- Weaning from the Breast 422

### 42. High-risk Neonates—Low Birth Weight, Preterm and Intrauterine Growth Restricted Babies 423

- High-risk Neonates 423
- Low Birth Weight Babies 423
- 'Small for Gestational Age' Term Infant 424
- Preterm Baby 424
- Intrauterine Growth Restricted Babies 428
- Large for Gestational Age/Heavy for Dates Infant 429

## Section IX: Ill Baby

### 43. Recognizing the Ill Baby 433

- Assessment of Gestational Age 433
- Warning Signs 434
- System-wise Assessment 434
- Nursing Management of the Hospitalized Newborn and the Family 438

### 44. Respiratory Problems of the Newborn 440

- Anatomy and Physiology of the Respiratory System 440
- Clinical Signs of Respiratory Problems 441
- Causes of Respiratory Problems 441
- Principles of Caring for a Baby with Respiratory Problem 444

### 45. Birth Trauma, Hemorrhage and Convulsions 446

- Dislocations 448
- Visceral Injuries 449
- Hemorrhage 449
- Prevention of Trauma in the Newborn 452
- Convulsions in the Newborn 452

### 46. Congenital Abnormalities, Genetic Screening and Genetic Counseling 455

- Causes of Congenital Abnormalities 455
- Common Malformations and Syndromes of Gastrointestinal Tract 456
- Abnormalities Relating to Respiratory System 458
- Congenital Cardiac Defects 459
- Central Nervous System Abnormalities 460
- Musculoskeletal Deformities 462
- Abnormalities of the Genitourinary System 464
- Genetic Disorders 465
- Chromosomal Abnormalities 467
- Genetic Screening 469
- Genetic Counseling 470
- Nursing Implications 471

### 47. Jaundice and Infections in the Newborn 472

- Jaundice 472
  - Formation of Bilirubin 472
  - Excretion of Bilirubin 472
  - Complications of Hyperbilirubinemia 472
  - Types of Jaundice 473
  - Management of Jaundice 474

- Assessment and Diagnosis 474
- Treatment 474

#### **Hemolytic Diseases of the Newborn 476**

- Rhesus Incompatibility 476
- ABO Incompatibility 477

#### **Neonatal Infections 477**

- Natural or Innate Immunity 477
- Acquired Immunity 477
- Modes of Acquiring Infection 477
- Organisms in Newborn Infection 477
- Management of Infection in the Baby 478
- Infections Acquired Before or During Birth 478
- Infections Acquired after Birth 481

### **48. Metabolic and Endocrine Disorders in the Newborn**

- Inborn Errors of Metabolism 483
- Phenylketonuria 484
- Galactosemia 484
- G6PD Deficiency 484
- Cystic Fibrosis 484

#### **Endocrine Disorders 484**

- Thyroid Problems 484
- Acquired Metabolic Disorders 485

### **49. Neonatal Intensive Care Unit**

- Babies Who Need Special Care in NICU 489
- Levels of NICU 489
- Goals of NICU Care 490
- Preparation of NICU 490
- History and Examination 490
- Infection Control in Neonatal Intensive Care Units 490
- Records and Reports in Neonatal Intensive Care Unit 493
- Reports 494

## **Section X: Community Midwifery**

### **50. Preventive Obstetrics and Domiciliary Care in Maternity Nursing**

- Antenatal Care 499
- Prenatal Care 499
- Intranatal Care 502
- Postnatal Care 504

### **51. Primary Health Care and Maternal/Child Health Services in India**

- Health Care 506
- Maternal and Child Health Services 507
- Antenatal Care 507
- Intranatal Care 509
- Postnatal Care 510
- Neonatal Care 511
- System of Delivering MCH Services in the Country 514
- Assessing Maternal and Child Health Care 515
- Maternal Mortality 515
- Mortality in Infancy and Childhood 516

- Job Functions of Health Workers for Implementing MCH Services 519

## **Section XI: Special Topics**

### **52. Pain Relief and Comfort in Labor 525**

- Perception of Pain 525
- Causes of Pain 526
- Analgesics 526
- Anesthesia 527
- Nonpharmaceutical Methods of Pain Relief 529
- Positioning 530
- Hygiene and Comfort 531

### **53. Childbirth Education and Preparation 532**

- Natural Childbirth Approach 532
- Childbirth Preparation Program 532
- Role of Coach or Support Person 536
- Role of the Childbirth Educator 536

### **54. Special Exercises for Pregnancy, Labor and Puerperium 538**

- Postural Changes in Pregnancy 538
- Posture for Comfort in Different Positions 538
- Exercises During Pregnancy 539
- Posture for Relief of Aches and Pains 539
- Antenatal Exercises 540
- Positions for Comfort During Labor 540
- Postnatal Exercises 541
- Immediate Postnatal Physical Problems 542

### **55. Drugs Used in Obstetrics 545**

- Oxytocics 545
- Antihypertensive Drugs 547
- Diuretics 550
- Tocolytic Agents 552
- Anticonvulsants 553
- Anticoagulants 555
- Analgesics 556
- Effects of Maternal Medications on Fetus and Breastfeeding Infants 557

### **56. Vital Statistics in Obstetrics 560**

- Registration of Vital Events 560
- Maternal Vital Statistics 560
- Maternal Mortality 561
- Maternal Morbidity 562
- Perinatal Mortality 563
- Neonatal Mortality 564
- Infant Mortality Rate 564
- Record Keeping 564

### **57. Perinatal Loss and Grief 566**

- Loss, Grief and Mourning 566
- Reproductive Loss 566
- Symptoms of Normal Grief 567

- Phases of Grieving/Mourning 568
- Pathological Grief 568
- Rights of Parents when an Infant Dies 569
- Caring for the Caregiver 569
- Record Keeping 569
- Continued Care 570
- Nursing Process for the Client Experiencing a Loss 570

## 58. Radiology and Ultrasonics in Obstetrics 572

- Radiology in Obstetrics 572
- Ultrasonics in Obstetrics 573
- Midwife's Responsibility Regarding Prenatal Screening 574

## 59. Legal and Ethical Aspects of Nursing 576

- Functions of the Law in Nursing 576
- Mechanisms of Regulation of Nursing Practice 576
- Legal Roles of Nurses 577
- Laws Related to Nursing Practice 577
- Consumer Protection Act (CPA) 579
- Areas of Potential Liability in Nursing 579
- Laws Concerning Medical and Nursing Practice 580
- Legal Issues in Midwifery Practice 580
- Practice Guidelines for Legal Protection 581
- Legal Responsibilities of Nursing Students 581
- Ethical Principles Related to Nursing Practice 581
- Ethics in Clinical Nursing Practice 582
- Nursing Codes of Ethics 582
- The International Council of Nurses Code of Ethics (2000) 583
- Indian Nursing Council Code of Ethics 584

## 60. National Population Policy and Family Welfare Programs 588

- National Population Policy 2000 588
- National Family Welfare Program 591
- Reproductive and Child Health Program 593
- Janani Suraksha Yojana 595
- Vande Mataram Scheme 595
- Safe Abortion Services 595
- National Rural Health Mission 595
- Integrated Child Development Services 597

## 61. Obstetric and Gynecological Instruments 598

- Sponge Holding Forceps 598
- Kocher's Hemostatic Forceps 598
- Hemostats (Artery Forceps) 598
- Ovum Forcep 599
- Vulsellum Forceps 599
- Green Armytage's Forceps 600
- Uterine Packing Forceps/Uterine Dressing Forceps 600
- Allis Tissue Forceps 600
- Tenaculum Forceps 601
- Laminaria Tent Introducing Forceps 601
- Laminaria Tent 601
- Dissecting Forceps 601
- Doyen's Towel Clip 601
- Doyen's Retractor 602
- Anterior Vaginal Wall Retractor 602

- Kelly's Deep Retractor 602
- Sims' Double-bladed Vaginal Speculum 602
- Cusco's Bivalved Speculum 603
- Auvard's Weighted Vaginal Speculum 603
- Sims' Double-ended Uterine Curette 603
- Das' Cervical Dilators 603
- Flushing Curette 604
- Drew Smythe Catheter Membrane Perforator 604
- Uterine Sound 604
- Scissors 604
- Bulb Syringe 605
- Mucus Sucker 605
- Cord Clamp 605
- Wrigley's Outlet Forceps 605
- Das' Long Curved Obstetric Forceps 605
- Axis Traction Forceps 606
- Kielland's Forceps 606
- Ventouse Cup with Traction Device/ Vacuum Extractor 606
- Simpson's Perforator 607
- Cranioclast 607
- Embryotomy Scissors 607
- Breech Hook and Crochet 607
- Jardine's Decapitation Hook 607
- Combined Cranioclast and Cephalotribe 607
- External Pelvimeter 608
- Pinard's Stethoscope/Fetoscope 608
- Needle Holder 608
- Female Metal Catheter 608
- Ring Pessary 608
- Hodge-Smith Pessary 609
- Babcock's Tissue Forceps 609

## 62. Quality Assurance and Audit in Maternity Nursing 610

- Goals of Quality Assurance 610
- Components of Quality Assurance Plan 610
- Standards in Midwifery Practice 611
- Audit in Obstetrics and Midwifery 614

## Section XII: Gynecological Nursing

## 63. Menstrual Cycle Disorders and Abnormal Bleeding 621

- Amenorrhea 621
- Dysmenorrhea 622
- Mittelschmerz's Syndrome (Ovular Pain) 622
- Dysfunctional Uterine Bleeding 622
- Premenstrual Syndrome 623
- Menorrhagia 624
- Polymenorrhea 625
- Metrorrhagia 625
- Oligomenorrhea 625
- Hypomenorrhea 625

## 64. Displacement of Uterus 627

- Retroversion of Uterus 627
- Uterine Prolapse 628

▪ Chronic Inversion of Uterus	630	▪ Gestational Trophoblastic Disease	670
▪ Study Questions	631	▪ Cancer of Cervix	672
<b>65. Infectious Conditions of Pelvic Organs</b>	<b>632</b>	▪ Cancer of the Vulva	674
▪ Pelvic Inflammatory Disease	632	▪ Bartholin's Gland Cancer	675
▪ Endometritis	633	▪ Vaginal Cancer	675
▪ Cervicitis	634	▪ Cancer of Fallopian Tube	676
▪ Vulval and Vaginal Infections	634	▪ Breast Cancer	676
▪ Nursing Process for Clients with Pelvic Infections	635	▪ Postmastectomy Exercises	684
<b>66. Benign Pelvic Conditions</b>	<b>636</b>	▪ Nursing Management of Patients with Genital Malignancies	689
▪ Fibroid Tumors	636	<b>73. Special Gynecological Conditions</b>	<b>690</b>
▪ Benign Ovarian Tumors	637	▪ Adenomyosis	690
▪ Polyps	638	▪ Endometriosis	691
▪ Polycystic Ovary Syndrome	638	▪ Dyspareunia	692
<b>67. Gynecological Examinations and Diagnostic Procedures</b>	<b>640</b>	▪ Puberty	692
▪ Examination	641	▪ Menopause	693
▪ Diagnostic Procedures	642	<b>74. Diagnostic Procedures in Gynecology</b>	<b>696</b>
<b>68. Congenital Malformations of Female Genital Organs</b>	<b>644</b>	▪ Papanicolaou Test/Pap Smear/Cervical Smear	696
▪ Congenital Uterine Anomalies/Abnormalities	644	▪ Vaginal Smear/Vaginal Wet Mount	698
▪ Vaginal Malformations	646	▪ High Vaginal Swab Collection	699
▪ Abnormalities of External Genitalia	647	▪ Culdoscopy	699
▪ Anomalies of the Ovaries	648	▪ Diagnostic Laparoscopy	700
<b>69. Genital Fistulae</b>	<b>649</b>	▪ Endometrial Biopsy	702
▪ Genitourinary Fistula	649	▪ Hysteroscopy	703
▪ Vesicovaginal Fistula	649	▪ Tuboscopy/Salpingoscopy	704
▪ Urethrovaginal Fistula	651	▪ Hysterosalpingography	705
▪ Ureterovaginal Fistula	651	▪ Ultrasonographic Examination	706
▪ Rectovaginal Fistula	652	▪ Culdocentesis	707
<b>70. Perioperative Care of Gynecological Patient</b>	<b>653</b>	▪ Laser Procedures/Surgeries for Gynecological Conditions	709
▪ Types of Surgery	653	▪ Cryosurgery/Cryotherapy	710
▪ Management in Preoperative Phase	654	<b>Bibliography</b>	<b>713</b>
▪ Management in Intraoperative Phase	655	<b>Appendix: Maternal Newborn Nursing Care Plans</b>	<b>715</b>
▪ Management in Postoperative Phase	655	▪ Nursing Diagnoses for Prenatal Clients	715
