<i>Annexures</i>	<i>xvii–xix</i>
<i>Image-based Questions</i>	
<b>Section 1: General Physiology</b>	
1. Homeostasis of Body Fluids**	3
2. Cell Physiology and Membrane Potential***	19
<b>Section 2: Nerve-Muscle Physiology</b>	
3. Physiology of Nerve****	49
4. Physiology of Muscle****	71
<b>Section 3: Cardiovascular System</b>	
5. Electrophysiology of Heart****	99
6. Cardiac Output and Regulation***	117
7. Blood Pressure and Regulation****	138
8. Vascular System and Regional Circulation**	155
<b>Section 4: Respiratory System</b>	
9. Mechanics of Respiration with Lung Volumes and Capacities***	177
10. Gaseous Exchange****	206
11. Regulation of Respiration and Applied Physiology***	233
<b>Section 5: Central Nervous System</b>	
12. Sensory Physiology****	259
13. Motor Physiology***	293
14. Higher Functions and Special Senses***	321
<b>Section 6: Renal System</b>	
15. Renal Physiology****	347
<b>Section 7: Gastrointestinal System</b>	
16. Gastrointestinal Physiology***	381

**Section 8: *Endocrine and Reproductive System***

17. Endocrine Physiology****	409
18. Male and Female Reproductive Physiology**	448

**Section 9: *Special Topic***

19. Exercise Physiology***	469
20. Acid Base Balance**	478
21. Recent MCQs*****	487
